

COFFEE BREWERS FOR GLASS AND THERMOS JUGS

Animo[®]

M-Line

M-LINE COFFEE BREWERS FOR JUGS

FOR TASTY AND FRESHLY BREWED FILTER COFFEE!

PEOPLE ARE ROUSED BY THE DELICIOUS AROMA OF REAL, FRESHLY BREWED FILTER COFFEE. COFFEE PROVIDES A TOPIC OF CONVERSATION AND A REFINED ATMOSPHERE. REAL ENTHUSIASTS ENJOY THE TASTE OF FRESH COFFEE EVERY DAY. THE ANIMO M-LINE SUPPLIES THE PERFECT CUP OF FRESH FILTER COFFEE. JUST LIKE COFFEE SHOULD BE.

Stylish, contemporary and user-friendly

Animo has produced the M-Line to completely match the requirements of coffee enthusiasts. Each model is a practical, user-friendly and stylish coffee machine. The use of stainless steel and stylish black synthetic front give the

M-Line coffee machines a stunning, contemporary appearance. They suit just about every environment. In addition, they are easy to use so everyone can easily make a delicious jug of coffee!

Many possible combinations

The M-Line incorporates manually filled machines as well as machines with a fixed water connection, equipped with many extras that increase user-friendliness. As a result, a hot water tap for tea or soup can be added and an optional warming plate can keep the coffee fresh and hot. There is, therefore, a suitable machine for everyone – even tea

enthusiasts. With the M-line coffee brewers you can quickly and simply make fresh coffee and pour directly into a glass jug or a flask. The M-line is a bonus for every kitchen, bar or canteen. A bonus that will be enjoyed in the long term because Animo ensures that quality and durability go hand in hand with user-friendliness and style.

*Enjoy real
fresh coffee*

MAKE FRESH COFFEE IN THE BLINK OF AN EYE

- The semi-automatic machines have been equipped with manual filling at the front. This enables you to fill the machines easily.
- Automatic machines are equipped with water connection

- The machines have been equipped with a jug detector which starts and stops the brewing process
- The basket filter has a leak stop
- The machines are equipped with an acoustic signal, which indicates when a brew is ready

- The M-Line equipment is also available with hot water tap for tea, hot chocolate, milk and soup

- The easy soft keys on the upper side of the machines provide for optimal user convenience
- With the automatic machines, the number of cups can be programmed with the soft keys.

Your coffee is guaranteed to have a perfect flavour as a result of using the standard, pre-wet brew setting. The coffee then has a fuller flavour and you can really enjoy the full-bodied aroma.

More user convenience:

- The self-regulating hot plates ensure that the coffee is always at the correct temperature
- Modern design and maintenance friendly
- For thermos jugs: adjustable height, suitable for all sizes of Animo thermos jugs.
- Thanks to the descale indicator you know exactly when it is time to clean your machine
- The dry-boil protection can be reset from the outside
- For cleaning of the machines, Animo can supply a special coffee fur remover and descaling agent. These products are available in sachets and in bulk packings
